

Digital Projection E-Vision Laser 6500 II

A brief introduction to the E-Vision Laser 6500 II: The Digital Projection stationary 3D laser DLP projector offers 6500 Ansi lumens, a contrast of 20000:1 and a WUXGA 1920 x 1200 resolution. The manufacturer Digital Projection specifies a service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The built-in lens shift function provides freedom when adjusting the projection. 6500 Ansi lumens ensure that a picture width of 819 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 546 cm. The model is also Full HD 1080P and 3D compatible. The model built in 2020 is no longer offered by Digital Projection, but is still very popular in our projector database.
