

Digital Projection TITAN Reference 1080p 3D

The stationary Digital Projection TITAN Reference 1080p 3D 3D DLP projector has 6000 Ansi lumens, a contrast of 5000:1 and an HDTV 1920 x 1080 resolution. The built-in lens shift function provides freedom when setting up. 6000 Ansi lumens ensure that a picture width of 787 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 525 cm. The projector can also play 1080P without any problems. The projector was launched in 2010 and is no longer sold by the manufacturer, but is still very popular in our projector database.
