

Digital Projection TITAN WUXGA 700

The Digital Projection TITAN WUXGA 700 large-format DLP projector has 12000 Ansi lumens, a contrast of 2000:1 and a WUXGA 1920 x 1200 resolution. The integrated lens shift provides freedom when positioning the projector. The projector will be able to illuminate a picture width of 1113 cm. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 742 cm here. The model is also Full HD 1080P compatible. On the market since 2011, the model is no longer offered by the manufacturer Digital Projection, but is still very popular in our projector database.
