

Dukane ImagePro 6532

DUKANE IMAGEPRO 6532

The ImagePro 6532 3D DLP projector from Dukane has 3200 Ansi lumens, a contrast of 10000:1 and an XGA 1024 x 768 resolution. The built-in ambient light sensor detects the ambient light in the room and automatically optimizes the image. Includes an integrated media player with which files can be played directly. The projector is equipped with a microphone jack plug and 20W speakers, so no additional speakers are required for presentations or training courses. An image width of up to 493 cm is possible as the projector has 3200 Ansi lumens. However, if room light is available, the image should be a maximum of 329 cm wide. Playing 1080P and 3D is also no problem for the projector. The model built in 2014 is no longer offered by Dukane.
