

EGJSG V3

EGJSG V3

Brief Introduction

Beta 2.5

The Game-Portabel EGJSG V3 LED LCD projector has 350 ANSI lumens, a contrast ratio of 10000:1 and HDTV 1920 x 1080 resolution. The LEDs give the projector a light lifespan of up to 30,000 hours, which is the equivalent of over 20.5 years at 4 hours a day. 350 ANSI lumens ensure that a picture width of 190 cm is also possible. However, if room light is present, the picture should not be wider than 127 cm. Since the projector recognises Airplay, Miracast Screen Mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. In addition, thanks to the Bluetooth function, the projector can be flexibly connected to other speakers. Playing 1080P and 4K (compressed) is also no problem for the projector.
