

Eiki EK-302X

EIKI EK-302X

The EK-302X LCD has 5600 Ansi-Lumen, a contrast of 8000:1 and an XGA 1024 x 768 resolution. The built-in lens shift and keystone correction function provides freedom when setting up. An image width of up to 652 cm is possible, if the image width is smaller (we recommend max. 435 cm), rooms with residual light are also no problem. A smartphone with MHL connection can be connected directly to the MHL/HDMI port and a 1080p / 60 Hz image mirroring (screen mirroring) can be transmitted while the smartphone is being charged at the same time. The model is also Full HD 1080P compatible. It was launched in 2016 and is no longer offered by the manufacturer Eiki.
