

Eiki LC-WBS500

EIKI LC-WBS500

The Eiki LC-WBS500 LCD projector has 5100 Ansi-Lumen, a contrast of 4000:1 and a WXGA 1280 x 800 resolution. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. The built-in lens shift and keystone correction function provides freedom when setting up. 5100 Ansi lumens ensure that a picture width of 726 cm is also possible. The projector creates rooms with residual light with a smaller image width, max. 484 cm is recommended. The model was built by Eiki in 2014 and is no longer current. It should also be noted that there are unfortunately no more replacement lamps for the projector, neither originals nor replicas.
