

Epson USA Home Cinema 1440

EPSON USA HOME CINEMA 1440

A brief introduction to the Home Cinema 1440: The Epson USA LCD projector offers 4400 Ansi lumens, a contrast of 10000:1 and a WUXGA 1920 x 1200 resolution. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. 674 cm image width, the projector will be able to illuminate well. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 449 cm here. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. This model is no longer offered by Epson USA.

Brief Introduction
Beta 2.5
