

Epson EB 1925W

EPSON EB 1925W

The Epson EB 1925W LCD projector has 4000 ANSI lumens, a contrast ratio of 2000:1, and a WXGA 1280 x 800 resolution. The projector also offers an integrated media player that allows files to be played directly. The horizontal and vertical keystone correction allows the projector to be positioned very freely. An image width of up to 643 cm is possible; if the image width is smaller (we recommend max. 429 cm), even rooms with residual light are no problem. The model built in 2009 is no longer offered by Epson, but is still a popular projector in our database.
