

# Epson EB-2140W

EPSON EB-2140W

A brief introduction to the Epson EB-2140W. The standard portable LCD projector has a WXGA 1280 x 800 resolution and a contrast of 15000:1. The lamp life is up to 10,000 hours, which is over 13.7 years if enjoyed for two hours a day. The integrated media player allows files to be played directly. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. 4200 Ansi lumens ensure that a picture width of 658 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 439 cm. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from the smartphone while it is being charged at the same time via the connection. It is also Full HD 1080P compatible. The projector was launched in 2017 and is no longer sold by the manufacturer.
