The Epson model EB 430 is an LCD projector with XGA 1024 x 768 resolution and a contrast of 3000:1. The manufacturer Epson specifies a lamp life of 4000 hours, which converts to over 5.5 years at 2 hours per day. The integrated media player can play files directly. The horizontal and vertical keystone correction provides leeway when setting up. Thanks to the short throw projection ratio of just 0.55:1, the projector is not distracting in the room. For a 2m wide image, the projector only needs to be 110 cm away from the screen. As the EB 430 is equipped with a microphone jack plug and 16W speakers, no additional audio system is required for presentations or training courses. Even 1080P playback is no problem for the projector. The projector was launched in 2011 and is no longer sold by the manufacturer, but is still very popular in our projector database.
