

Epson EB 520

Brief Introduction

Beta 2.5

A brief introduction to the Epson EB 520. The LCD projector has an XGA 1024 x 768 resolution and a contrast of 16000:1. The manufacturer Epson specifies a lamp life of 5000 hours, which is over 6.8 years with a daily viewing time of 2 hours. The integrated media player can play files directly. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. This projector has a projection ratio of just 0.55:1. For a 2 m wide image, the projector only needs to be 110 cm away from the screen. As the EB 520 is equipped with a microphone jack plug and 16W loudspeaker, no additional audio system is required for presentations or training courses. Furthermore, the projector can play 1080P without any problems. On the market since 2014, the model is no longer offered by the manufacturer Epson.
