

Epson EB 97

EPSON EB 97

The Epson EB 97 LCD projector has 2700 Ansi lumens, a contrast of 10000:1 and an XGA 1024 x 768 resolution. The lamp life is specified by the manufacturer as 5000 hours, which is over 6.8 years with a daily viewing time of 2 hours. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. As the EB 97 is equipped with a microphone jack plug and 16W speakers, no additional audio system is required for presentations or training courses. 2700 Ansi lumens ensure that a screen width of 453 cm is also possible. However, if room light is available, the picture should be a maximum of 302 cm wide. Playing 1080P is also no problem for the projector. On the market since 2013, the model is no longer offered by the manufacturer Epson.
