

Epson EB-L615U

EPSON EB-L615U

A brief introduction to the EB-L615U: The Epson stationary laser LCD projector offers 6000 Ansi lumens, a contrast of 2500000:1 and a WUXGA 1920 x 1200 resolution. The manufacturer Epson specifies a service life of 20000 hours, which is equivalent to over 13.7 years at 4 hours per day. Files can be played directly using the integrated media player. With the lens shift function, the projector can be positioned very freely. An image width of up to 787 cm is possible as the projector has 6000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 525 cm. The projector has screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. It is also Full HD 1080P compatible. Even projection onto the ceiling is possible thanks to the 360° projection. It was launched in 2018 and is no longer offered by the manufacturer Epson.
