

Epson EB-PU1008W/B

EPSON EB-PU1008W/B

The EB-PU1008W/B laser LCD has 8500 Ansi lumens, a contrast of 2500000:1 and a resolution. The manufacturer Epson specifies a service life of 20000 hours, which is equivalent to over 13.7 years at 4 hours per day. The integrated lens shift gives freedom when positioning the projector. An image width of up to 937 cm is possible, if the image width is smaller (we recommend max. 625 cm), rooms with residual light are also no problem. If the image width is not sufficient, the projector offers integrated edge blending software, which allows several projectors to project a large image together. Video signals 1080P and 4K (compressed) are also no problem for the projector.

 3 x 0,76" LCD TFT Panel
WUXGA 16/9 Liquid Crystal Display

Projector	8500 / 5950 im Eco Mode	Screen	3778 Lux (200 cm Screen width)
