

Epson EH TW6100

EPSON EH TW6100

Brief Introduction

Beta 2.5

A brief introduction to the Epson EH TW6100. The home cinema LCD projector has an HDTV 1920 x 1080 resolution and a contrast of 40000:1. The lamp life is up to 4000 hours, which converts to over 5.5 years at 2 hours per day. The integrated media player allows files to be played directly. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. The projector can illuminate a picture width of 487 cm well. However, if there is room light, the picture width should ideally not exceed 325 cm. It is also Full HD 1080P and 3D compatible. This model is no longer offered by Epson, but is still very popular in our projector database.

Display Type

 3 x 0,61" LCD TFT Panel mit MLA
HDTV 16/9 Liquid Crystal Display with Micro Lense Array
