

# Epson EMP W5D

EPSON EMP W5D

The Epson EMP W5D LCD projector has 1200 Ansi lumens, a contrast of 1000:1 and an HDTV 1280 x 720 resolution. The projector also offers an integrated media player for direct playback of files. The integrated lens shift gives freedom when positioning the projector. The projector can illuminate an image width of up to 352 cm thanks to its 1200 Ansi lumens. In room lighting, however, the picture width should ideally be less than 235 cm. 1080P playback is also no problem for the projector. The model built in 2008 is no longer offered by Epson.
