

Epson EpiqVision Mini EF21

EPSON EPIQVISION MINI EF21

With the EpiqVision Mini EF21, manufacturer Epson offers a home theater LCD laser projector with HDTV 1920 x 1080 resolution and a contrast ratio of 5000000:1. Manufacturer Epson specifies the service life as 20,000 hours, which equates to over 13.7 years when used for four hours a day. The projector can illuminate images up to 321 cm wide thanks to its 1000 ANSI lumens. However, in room lighting, the image width should ideally be less than 214 cm. Thanks to Google TV, the projector can be conveniently controlled by voice command. The projector has Chromecast and screen mirroring support, which allows high-resolution videos and surround sound to be played directly from smartphones, tablets, and PCs running Android, Windows, or iOS via Wi-Fi. In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. Furthermore, the projector can play 1080P without any problems. Compared to others, the projector is very quiet with an operating noise of 23 decibels.

Brief Introduction

Display Type

3 x 0,62" LCD Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen
