EPSON®
EXCEED YOUR VISION

EX5210
MULTIMEDIA PROJECTOR

Break through to the next level.

The EPSON® EX5210 breaks the mold for portable business projectors, delivering spectacular image quality and ease of use. The ultra-bright 2800 lumens of color/white light output,[1] sharp XGA resolution and 3LCD, 3-chip technology transform presentations into brilliant masterpieces with precise detail and true-to-life color. Breakthrough horizontal image correction with easy-slide technology and USB Plug 'n Play instant connectivity make setup fast and easy, while HDMI connectivity delivers stunning HD entertainment and media. The PC-free slideshow function lets you project JPEG files, without a computer, from any USB thumb drive. Whether in the conference room or on the road, the EX5210 delivers the performance and functionality you need for success at every level.

Amazing image quality — native XGA (1024 x 768) resolution, supports input up to 1400 x 1050

Super bright and colorful — 2800 lumens color light output and 2800 lumens white light output [1]
The best-selling projectors in the world.

Epson offers a wide range of high-quality projectors to meet almost any need. Built with image quality and reliability in mind, Epson projectors enhance communication and inspire collaboration, while offering a low total cost of ownership. From ultraportable projectors designed for educational settings to boardroom-ready business projectors, Epson has a model that's perfect for you.

3LCD technology — for quality and color that's beyond amazing

Innovative technology with proven reliability

- 3 chips for full-time, true-to-life color
- 25% less electricity required per lumen of brightness when compared to 1-chip DLP projectors [2]
- Over 20 years of road-tested reliability built into every projector

▲ 3LCD, 3-chip technology

New horizontal image correction with easy-slide control technology

Epson's horizontal and vertical image (keystone) correction means you can project a rectangular image from almost any angle. The EX5210 automatically corrects the image vertically. And for horizontal image correction, just move the easy-slide control bar to make the necessary adjustments. Your EX5210 can be off to the side and above or below the screen, while your presentation is front and center.

Without horizontal image correction

With horizontal image correction

New easy-slide image correction control bar

Eco Features

- Energy-efficient 3LCD light engine
- Energy-efficient E-TORL lamp
- Designed to be recycled [3]
- RoHS compliant
- Epson America, Inc. is a SmartWay℠ Transport Partner [4]

SmartWay℠
Transport Partner
Getting There With Cleaner Air

Energy-efficient E-TORL® lamp, exclusively from Epson

- Long lamp life lasts up to 5000 hours [5]
- Minimizes both light diffraction and light leakage
- E-TORL lamps maximize your presentation time, while minimizing your costs
▲ E-TORL lamp

USB Plug 'n Play instant setup

- No more computer function keys or bulky VGA cables
- Just plug in a standard USB cable and instantly project video and audio from your PC or Mac®
- Instantly view your images on both the screen and your computer; one standard USB cable does it all
- This USB connection also enables you to maintain control over your presentation with the page up/page down function on the remote control

Amazing light output

The Epson EX5210 delivers 2800 lumens of color light output and 2800 lumens of white light output [1] for rich, colorful images. Whether you're projecting images with deep, dark colors or a white screen with minimal text or graphics, you get consistent light output. And, with Epson, you can be confident you're getting what you need because Epson measures white light output according to the ISO 21118 standard, a more rigid standard than the outdated ANSI lumens rating used by competitive products.

LUMENS
2800 COLOR LIGHT **2800** WHITE LIGHT
TRUE-TO-LIFE COLOR

High color light output   Low color light output

Actual photographs of images taken from two competing projectors run in default mode. Price, resolution and brightness (white light output) are the same for both projectors.

EX5210 Features

- **Rich, true-to-life color and reliable performance** — 3LCD, 3-chip technology
- **Amazing image quality** — native XGA (1024 x 768) resolution; up to 3000:1 contrast ratio
- **Super bright and colorful** — 2800 lumens color light output, 2800 lumens white light output [1]
- **USB Plug 'n Play instant setup** — instantly projects audio and video from a PC or Mac via a USB connection
- **Horizontal and vertical image correction** — projects rectangular images from almost any angle; just move the easy-slide control bar to make the necessary horizontal image adjustments; vertical adjustments are automatic
- **HD quality with just one cable** — Digital HDMI audio/video connection
- **PC-free slideshows** — via a USB thumb drive
- **Quick, convenient control** — Instant Off®/On, Sleep Mode (A/V Mute), Direct Power Off/On
- **The ultimate in portability** — compact, lightweight design; carrying case and remote control included
- **Energy-efficient E-TORL lamp** — up to 5000-hour lamp life [5]
- **Filters to protect your investment** — with easy side access for hassle-free maintenance

Brilliant image quality and detail

Resolution defines the level of detail and depth you'll see in a projected image. It's measured as the number of pixels wide by the number of pixels high. The more pixels, the better the image quality.

SVGA
800 x 600
Meets basic projection needs

XGA
1024 x 768
Ensures sharper detail

WXGA
1280 x 800
Offers the highest quality and is ideal for widescreen (16:10) display

High-quality images with HDMI digital connectivity

- Delivers both audio and brilliant video content with just one cable
- Compatible with the latest laptops, Blu-ray® and media players
