

Epson USA EX7240 PRO

EPSON USA EX7240 PRO

Brief Introduction

Beta 2.5

The Epson USA model EX7240 PRO is an LCD projector with WXGA 1280 x 800 resolution and a contrast of 15000:1. The manufacturer Epson USA specifies a lamp life of 10000 hours, which is over 13.7 years with a daily viewing time of 2 hours. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. An image width of up to 575 cm is possible. However, the image should be smaller in room light. We recommend max. 383 cm. The HDMI MHL (Mobile High-Definition Link) port allows 1080p / 60 Hz image mirroring (screen mirroring) to be transmitted from the smartphone while it is being charged at the same time via the connection. This model is no longer offered by Epson USA.
