

Epson USA PowerLite 1835

EPSON USA POWERLITE 1835

Brief Introduction

Beta 2.5

A brief introduction to the PowerLite 1835: The Epson USA LCD projector offers 3500 Ansi lumens, a contrast of 2000:1 and an XGA 1024 x 768 resolution. The manufacturer specifies a lamp life of 4000 hours, which is over 5.5 years if enjoyed for two hours every day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. An image width of up to 515 cm is possible, if the image width is smaller (we recommend max. 343 cm), rooms with residual light are also no problem. Playing 1080P is also no problem for the projector. The model built in 2011 is no longer offered by Epson USA.

 3 x 0,63" LCD TFT Panel mit MLA
XGA 4/3 Liquid Crystal Display with Micro Lense Array
