The PowerLite 5535U LCD projector from Epson USA has 5500 Ansi lumens, a contrast of 15000:1 and a WUXGA 1920 x 1200 resolution. The lamp life is specified by the manufacturer as 5000 hours, which converts to over 6.8 years at 2 hours per day. With the lens shift function, the projector can be positioned very freely. Thanks to the brightness of 5500 Ansi lumens, a picture width of 753 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 502 cm). It is also Full HD 1080P compatible. It was launched in 2016 and is no longer offered by the manufacturer Epson USA.
