

Epson USA PowerLite 99WH

The PowerLite 99WH LCD projector from Epson USA has 3000 Ansi lumens, a contrast of 10000:1 and a WXGA 1280 x 800 resolution. The lamp has a service life of up to 10,000 hours, which is equivalent to over 13.7 years at 2 hours per day. The integrated media player allows files to be played directly. The horizontal and vertical keystone correction provides leeway when setting up. As the PowerLite 99WH is equipped with a microphone jack plug and 16W speakers, no additional audio system is required for presentations or training courses. A screen width of up to 556 cm is possible. However, the image should be smaller in room lighting. We recommend max. 371 cm. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. The projector was launched on the market in 2015 and is no longer sold by the manufacturer.

Brief Introduction Beta 2.5

Display Type

3 x LCD TFT Panel
WXGA 16/10 Liquid Crystal Display
