

Epson USA Pro Cinema LS10500

EPSON USA PRO CINEMA LS10500

A brief introduction to the Epson USA Pro Cinema LS10500. The high-end home cinema LCD laser projector has a UHD (4K2K) 3840 x 2160 resolution and a contrast of 10000000:1. The manufacturer claims a laser service life of 30,000 hours, which is over 20.5 years if enjoyed for four hours a day. Including a lens shift and keystone correction function, which provides freedom during installation. An image width of up to 393 cm is possible as the projector has 1500 Ansi lumens. However, if room light is available, the image should be a maximum of 262 cm wide. The model is also Full HD 1080P and 4K as well as 3D compatible, meaning that all Blu-ray formats currently on offer can be recognized by the projector. With an operating noise of just 28 decibels, the model is already very quiet compared to others. It was launched in 2016 and is no longer offered by the manufacturer Epson USA.
