

Epson USA Home Cinema 3200

EPSON USA HOME CINEMA 3200

The Epson USA Home Cinema 3200 home cinema 3D LCD projector has 2900 Ansi lumens, a contrast of 40000:1 and an HDTV 1920 x 1080 resolution. Thanks to the lamp, the projector has a lamp life of up to 3500 hours, which is over 4.8 years if enjoyed for two hours a day. The built-in lens shift and keystone correction function provides freedom when setting up. A picture width of up to 547 cm is possible. However, the image should be smaller in room light. We recommend a maximum of 365 cm. Furthermore, the projector can play 1080P and 4K (compressed) as well as 3D without any problems, and thus all currently offered Blu-ray formats can be recognized by the projector. The model built in 2018 is no longer offered by Epson USA.
