

Epson USA Powerlite 982W

EPSON USA POWERLITE 982W

A brief introduction to the Epson USA Powerlite 982W. The LCD projector has a WXGA 1280 x 800 resolution and a contrast of 16000:1. The lamp life is specified by the manufacturer as 17000 hours, which is over 23.3 years with a daily viewing time of 2 hours. The projector also offers an integrated media player that can be used to play files directly. Thanks to the horizontal and vertical keystone correction, the projector can be positioned very freely. The model offers a microphone jack plug and 16W speakers, so no additional audio devices are required for presentations or training courses. 4200 Ansi lumens ensure that a picture width of 658 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 439 cm. The model is also Full HD 1080P compatible.

Brief Introduction Beta 2.5
