

Everest CR531XiA

EVEREST CR531XiA

The Everest CR531XiA LCD projector has 3700 Ansi lumens, a contrast of 10000:1 and an XGA 1024 x 768 resolution. The lamp life is specified by the manufacturer as 10000 hours, which converts to over 13.7 years at 2 hours per day. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. An image width of up to 530 cm is possible as the projector has 3700 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 353 cm. The projector also offers a whiteboard function that makes training and presentation rooms interactive. A smartphone with MHL connection can be connected directly to the MHL/HDMI port and transmit a 1080p / 60 Hz image mirroring (screen mirroring) while the smartphone is being charged at the same time. Even 1080P video signals are no problem for the projector. It was launched in 2017 and is no longer offered by the manufacturer Everest, but is still very popular in our projector database.

Brief Introduction

Beta 2.5

Display Type

3 x 0,63" LCD TFT Panel
XGA 4/3 Liquid Crystal Display

Ansi-Lumen

3700

1233 Lux (bei 200 cm Screen)
