

Everest EX 31032

EVEREST EX 31032

Brief Introduction

Beta 2.5

The Everest model EX 31032 is an LCD projector with XGA 1024 x 768 resolution and a contrast of 500:1. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. An image width of up to 523 cm is possible if the image width is smaller (we recommend max. 349 cm), rooms with residual light are also no problem. The projector is no longer sold by the manufacturer.

3 x 0,9" LCD TFT Panel mit MLA
XGA 4/3 Liquid Crystal Display with Micro Lense Array

3600
