

Everest VE600W

EVEREST VE600W

The VE600W Laser LCD has 6500 ANSI lumens, a contrast ratio of 5000000:1, and a WXGA 1280 x 800 resolution. The laser has a service life of 20,000 hours, which equates to over 13.7 years at 4 hours per day. The lens shift function allows the projector to be positioned very freely. An image width of up to 819 cm is possible, and if the image width is smaller (we recommend max. 546 cm), even rooms with residual light are no problem. Furthermore, it is Full HD 1080P compatible and even has the option of projecting HD 1080P Blu-rays onto the ceiling thanks to its 360° projection.
