

Everest YO422X

EVEREST YO422X

The Everest YO422X is an LCD laser projector with XGA 1024 x 768 resolution and a contrast ratio of 5,000,000:1. Thanks to laser technology, the projector has a light source lifespan of up to 20,000 hours?which, at four hours of use per day, amounts to over 13. 7 years. Horizontal and vertical keystone correction ensures effortless image setup. The projector can easily illuminate an image width of 564 cm. In rooms with ambient light, the projector performs best with a narrower image width; we would recommend a maximum of 376 cm in such cases. The projector also handles 1080p and 3D video signals with ease, and even has the ability to project HD 1080p Blu-rays onto the ceiling thanks to its 360° projection.
