

finade HY300 Pro

FINADE HY300 PRO

The Finade HY300 Pro LED LCD projector has 260 ANSI lumens, a contrast ratio of 1500: 1, and an HDTV resolution of 1920 x 1080. Thanks to its LEDs, the projector has a specified light source lifespan of 30,000 hours, which would equate to over 20.5 years based on 4 hours of daily use. Since the projector features horizontal and vertical keystone correction, it can be set up with plenty of space in the room. An image width of up to 164 cm is possible, as the projector has 260 ANSI lumens. However, if there is ambient light in the room, the image should be no wider than 109 cm. Since the projector supports AirPlay and Miracast screen mirroring, it is possible to stream high-resolution videos and surround sound directly via Wi-Fi. Another notable feature is that the projector's Bluetooth function allows it to be connected to external wireless speakers. Furthermore, it is compatible with Full HD 1080p and 4K (compressed). Compared to other projectors, it is very quiet, with an operating noise level of 30 decibels.
