

Fujifilm FP-Z8000-B/W

FUJIFILM FP-Z8000-B/W

The short-throw FP-Z8000-B/W laser DLP has 8000 Ansi lumens, a contrast of 12000:1 and a WUXGA 1920 x 1200 resolution. The laser has a lifespan of 20000 hours, which is equivalent to over 13.7 years at 4 hours per day. With the lens shift function, the projector can be positioned very freely. Thanks to the short-throw projection ratio of just 0.34:1, the projector does not stand in the room. For a 2m wide image, the projector only needs to be 68 cm away from the screen. If the image is still too small, the integrated edge blending software can help to project a large image with additional projectors. The projector can also play 1080P and 4K (compressed) without any problems.

 1 x 0,67" DLP Chip
WUXGA 16/9 Ti Digital Light Processing Chip

Projector	8000	Screen	3556 Lux (bei 200 cm Screen)
