Operating Noise

The Fuss FP-343C DLP projector has 200 Ansi lumens and a WXGA 1280 x 800 resolution. The projector also offers an integrated media player that can be used to play files directly. 200 Ansi lumens ensure that a picture width of 144 cm is also possible. However, if room light is available, the picture should be a maximum of 96 cm wide. The model built in 2013 is no longer offered by Fuss.
