

Fuss FP-364D

Brief Introduction

Beta 2.5

With the FP-364D, manufacturer Fuss offers a game-portable DLP LED projector with WVGA 854 x 480 resolution. Due to the LEDs, the projector is specified with 20000 hours of light life, which converts to over 13.7 years at 4 hours per day. The projector also offers an integrated media player that can be used to play files directly. 100 Ansi lumens ensure that a picture width of 102 cm is also possible. However, if room light is available, the picture should be a maximum of 68 cm wide. The projector was launched in 2016 and is no longer sold by the manufacturer.
