

Goregent A350

GOREGENT A350

Brief Introduction

Beta 2.5

The Goregent Model A350 is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 2000:1. The manufacturer specifies an LED lifespan of 30,000 hours, which would equate to over 20.5 years at 4 hours? use per day. Thanks to the horizontal and vertical keystone correction, the projector can be positioned with great flexibility. 350 ANSI -lumen ensure that an image width of 190 cm is possible. However, if there is ambient light in the room, the image should be no more than 127 cm wide. As the projector recognises AirPlay, Miracast and screen mirroring signals, it is possible to play videos directly from a smartphone, tablet or PC (Android, Windows and iOS) via Wi-Fi in high resolution with surround sound. Furthermore, thanks to its Bluetooth functionality, the projector can be flexibly paired with other speakers. The projector also has no problem handling 1080p and 4K (compressed) video signals.

Display Type

1 x LCD Panel
HDTV 16/9 Liquid Crystal Display
