With the SA-800, manufacturer Gygar offers an LCD projector with XGA 1024 x 768 resolution and a contrast of 10000:1. Thanks to the brightness of 8000 Ansi lumens, an image width of 779 cm is possible. The projector can also handle slightly brighter rooms with a narrower image width (we recommend max. 519 cm). The model built in 2016 is no longer offered by Gygar.
