

HAPPRUN KC7

EAN/UPC:B0FG322D4R

HAPPRUN KC7

The Standard Portable KC7 LED LCD Projector from HAPPRUN has 1,500 ANSI lumens, a contrast ratio of 20,000:1 and an HDTV resolution of 1,920 x 1,080. Thanks to its LEDs, the projector has a light source lifespan of up to 30,000 hours, which equates to over 20.5 years if used for four hours a day. Built-in horizontal and vertical keystone correction offers flexibility when setting up the projector. The projector can effectively illuminate a screen width of 454 cm. However, if there is ambient light in the room, the screen width should ideally not exceed 303 cm. Google TV transforms the projector into a smart entertainment centre with countless features. The projector supports Chromecast, AirPlay and Miracast screen mirroring, enabling high-resolution videos and surround sound to be streamed directly via Wi-Fi from smartphones, tablets and PCs running Android, Windows or iOS. Another notable feature is that the projector can be connected to external wireless speakers via its Bluetooth function. The model is also compatible with Full HD 1080p and 4K (compressed).
