

HAPPRUN Q7

HAPPRUN Q7

Brief Introduction

Beta 2.5

The Q7 LED LCD has 2000 ANSI lumens, a contrast ratio of 20000:1, and HDTV 1920 x 1080 resolution. Thanks to its LEDs, the projector has a light life of up to 30,000 hours, which would be over 20.5 years if viewed for 4 hours a day. The brightness of 2000 ANSI lumens allows for an image width of 454 cm. In room lighting, the image should be a maximum of 303 cm wide. Google TV turns the projector into a versatile media hub that can be seamlessly integrated into a smart home. The projector has Airplay and Miracast screen mirroring support, which allows high-resolution videos and surround sound to be played directly from smartphones, tablets, and PCs running Android, Windows, or iOS via Wi-Fi. In addition, thanks to the Bluetooth function, the projector can be flexibly paired with other speakers. It is also compatible with Full HD 1080P and 4K (compressed).

Display Type

- 1 x LCD Panel
- HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

2000

889 Lux (200 cm Screen width)
