

HIPPUS HY320

HIPPUS HY320

A brief introduction to the HIPPUS HY320. The LCD LED projector has an HDTV 1920 x 1080 resolution and a contrast of 1500:1. The manufacturer HIPPUS specifies a service life of 30,000 hours, which is equivalent to over 20.5 years at 4 hours per day. The projector also offers an integrated media player that can be used to play files directly. The projector can illuminate an image width of up to 144 cm well thanks to its 200 Ansi lumens. In room lighting, however, the picture width should ideally be less than 96 cm. The model recognizes Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). Another extra is that the projector can be connected to external wireless speakers using the Bluetooth function. Playing 1080P and 4K (compressed) is also no problem for the projector. At 25 decibels, the projector is very quiet compared to other projectors.

Brief Introduction Beta 2.5
