

Hitachi LP-EW5002

HITACHI LP-EW5002

The Hitachi LP-EW5002 stationary Laser LCD projector has 5000 Ansi lumens, a contrast of 500000:1 and a WXGA 1280 x 800 resolution. The service life is 20000 hours due to the laser, which is over 13.7 years if enjoyed for four hours a day. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. 5000 Ansi lumens ensure that a picture width of 718 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 479 cm. A smartphone with MHL connection can be connected directly to the MHL/HDMI port to perform 1080p / 60 Hz image mirroring (screen mirroring). The projector can also play 1080P without any problems. Even projection onto the ceiling is possible thanks to the 360° projection. It was launched in 2018 and is no longer offered by the manufacturer Hitachi.
