A brief introduction to the LED86 720P: The HongTianPao LCD projector offers 168 Ansi lumens, a contrast of 2000:1 and a WXGA 1280 x 800 resolution. The lamp life is up to 20000 hours, which is over 27.4 years with a daily viewing time of 2 hours. As HongTianPao specifies the brightness of the projector in lumens, we have calculated an approximate ansi-lumen value in this case. The projector can illuminate a screen width of up to 132 cm well with 168 Ansi lumens. In room lighting, however, the picture width should ideally be less than 88 cm. The projector was launched in 2014 and is no longer sold by the manufacturer.

1 x 5,8" LCD TFT Panel
