

Htp H90

HTP H90

With the H90, manufacturer Htp offers an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 2000:1. It is an LED projector with a lamp life of 30,000 hours, which would equate to over 20.5 years based on 4 hours of daily use. An image width of up to 203 cm is possible. However, in brightly lit rooms, the image should be set to a smaller size. We recommend a maximum of 135 cm. The model supports AirPlay and Miracast screen mirroring, allowing you to play high-resolution videos with surround sound directly over Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). The model is also Full HD 1080p compatible.
