

i3-Technologies i3Projector L3403UW

The whiteboard i3Projector L3403UW 3D laser DLP projector from i3-Technologies has 3000 Ansi lumens, a contrast of 1800:1 and an HDTV 1920 x 720 resolution. The manufacturer i3-Technologies specifies a service life of 20000 hours, which is equivalent to over 13.7 years at 4 hours per day. The projector also offers an integrated media player that can be used to play files directly. The projector is equipped with a microphone jack plug and 10W speakers, so no additional speakers are required for presentations or training sessions. A screen width of up to 556 cm is possible. However, the picture should be smaller in room light. We recommend max. 371 cm. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. It is also Full HD 1080P and 3D compatible. The model built in 2020 is no longer offered by i3-Technologies, but is still a popular projector in our database.

1 x 0,65" DLP Chip
HDTV 16/9 Ti Digital Light Processing Chip

Projector	3000	Screen	1333 Lux (bei 200 cm Screen)
