

InFocus IN0006SL

INFOCUS IN0006SL

Brief Introduction

Beta 2.5

A brief introduction to the IN0006SL: The InFocus 3D DLP projector offers 4000 Ansi lumens, a contrast of 30000:1 and a WXGA 1280 x 800 resolution. The lamp in the projector is specified with a lamp life of 15000 hours, which converts to over 20.5 years at 2 hours per day. 4000 Ansi lumens ensure that a picture width of 643 cm is also possible. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 429 cm. The projector can also play 1080P and 3D without any problems. The operating noise of just 27 decibels makes the projection quiet.
