

InFocus IN126

INFOCUS IN126

The InFocus IN126 3D BrilliantColor DLP projector has 3200 Ansi lumens, a contrast of 3000:1 and a WXGA 1280 x 800 resolution. The projector can illuminate an image width of up to 575 cm thanks to the 3200 Ansi lumens. In room light, however, the image width should ideally be less than 383 cm. 1080P playback is also no problem for the projector. With only 30 decibels of operating noise, the model is already very quiet compared to others. The model built in 2011 is no longer offered by InFocus.

 1 x 0,65 DDP2431 DDRII Chip
