

Infoto PCL-LT510X

INFO TO PCL-LT510X

Brief Introduction

Beta 2.5

With the PCL-LT510X, manufacturer Infoto offers an LCD projector with XGA 1024 x 768 resolution and a contrast of 15000:1. The lamp in the projector is specified with a lamp life of 4000 hours, which is over 5.5 years with a daily viewing time of 2 hours. The integrated lens shift gives freedom when positioning the projector. Thanks to the brightness of 6000 Ansi lumens, a picture width of 675 cm is possible. The projector can also handle slightly brighter rooms with a smaller image width (we recommend max. 450 cm). If the image width is not sufficient, the projector offers integrated edge blending software, which allows several projectors to project a large image together. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. The model is also Full HD 1080P compatible. The projector was launched in 2016 and is no longer sold by the manufacturer.
