

Jmgo N7

J M G O N 7

The Jmgo model N7 is a DLP projector with HDTV 1920 x 1080 resolution and a contrast of 750:1. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. 1300 Ansi lumens ensure that a picture width of 366 cm is also possible. However, if room light is available, the picture should be a maximum of 244 cm wide. The model is also Full HD 1080P compatible. The model was built by Jmgo in 2018 and is no longer current.

Brief Introduction

Beta 2.5
