

JVC DLA-RS1200

JVC DLA-RS1200

The JVC DLA-RS1200 is a DILA laser projector with UHD (4K2K) 3840 x 2160 resolution and a contrast of 40000:1. It is a laser projector with a 20000 hour light lifespan, which would be over 13.7 years with a daily viewing of 4 hours. The integrated lens shift gives you freedom when setting up the projector. The projector can illuminate up to 454 cm of image width well thanks to the 2000 ANSI lumens. However, in room light, the image width should ideally be under 303 cm. Furthermore, the projector can play 1080P and 4K without any problems. Compared to others, the projector is very quiet with an operating noise of 23 decibels.
