

JVC DLA-RS2100

JVC DLA-RS2100

The high-end home cinema DLA-RS2100 3D Laser DILA has 2200 Ansi lumens, a contrast of 40000:1 and a UHD (4K+2K) 4096 x 2160 resolution. The manufacturer JVC specifies a service life of 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. The built-in lens shift function provides freedom when adjusting the projection. An image width of up to 454 cm is possible. However, the image should be smaller in room light. We recommend max. 303 cm. Playback of 1080P and 4K as well as 3D is also no problem for the projector, meaning that all Blu-ray formats currently available can be recognized by the projector.

3 x 0,69" D-ILA Chip

UHD 19/10 Direct-Drive Image Light Amplification (D-ILA)
