

JVC DLA RS440

JVC DLA RS440

The JVC DLA RS440 3D DILA projector has 1800 Ansi lumens, a contrast of 400000:1 and a UHD (4K2K) 3840 x 2160 resolution. With the lens shift function, the projector can be positioned very freely. 1800 Ansi lumens ensure that a picture width of 431 cm is also possible. However, if room light is available, the picture should be a maximum of 287 cm wide. Furthermore, it is Full HD 1080P and 4K as well as 3D compatible, meaning that all Blu-ray formats currently on offer can be recognized by the projector. At just 20 decibels, the device is one of the quieter projectors. On the market since 2017, the model is no longer offered by the manufacturer JVC.
